

ACKNOWLEDGMENTS

This cultural resources investigation benefited greatly from the input and suggestions provided by a number of Duross Heights residents and cultural resource management and project design officials. KSK would like to thank all the individuals who contributed to this investigation, especially Aaron Keel, Environmental Planner with WRA, and Kevin Cunningham, Ph.D. and Gwen Davis, review archaeologists for the Delaware Department of Transportation and the Delaware State Historic Preservation Office, respectively. Both Mr. Cunningham and Ms. Davis provided invaluable guidance and support over the course of this investigation.

KSK would also like to acknowledge those members of its staff that contributed to the successful completion of this project. Phase II Archaeological testing was performed by. Phase II field testing was conducted under the direction of Project Archaeologists Richard J. Lewis and Kimberly A. Morrell, with Dawn Lewis, Joelle Browning, Andrew Stanzas, and James Lint serving as crew members. Artifact processing and analysis was performed by Mr. Lewis and Dawn A. Lewis, KSK's Material Culture Specialist. This report was prepared by Principal Archaeologist, Douglas B. Mooney, M.A., Petar D. Glumac, Ph.D., KSK's Director of Archaeological Services, and Mr. Lewis. Report graphics were produced by James Lint and Dawn Turner.
